

# Peel the Onion

## -a men's retreat in Ohio

with Bill C & Matthew M  
from California

April 26-28, 2024

You're through the steps. It's been 9 months, 9 years, 19 years or more since starting on this path. Now what? Back to the basics? That's all there is - the basics. But you know there's more. How do you get there? How do we dig deeper in the well? Welcome to Peel the Onion. Have you heard the term before? It means to uncover yet another layer and discover what's there only to discard it and go even deeper. This process gets us ever closer to what's inside.

While all are welcome on this retreat, it is designed for those who have been through the steps and are ready for what's next.

You will be staying in a cabin at a camp. You will need to bring your own bedding. All meals, coffee and water are provided. You are welcome to bring snacks or soft drinks to share. Also, if local, please bring a camp chair or two if you have them.

These items, along with an open heart and an open mind are sure to deliver a memorable, path clearing experience.

### HOW MUCH?

\$175 covers your food, stay and all materials and activities. You can register with a credit card for a small service fee of follow directions on the registration site for cash/venmo options.

### HOW MANY PEOPLE WILL BE THERE?

Initially we have room for 60 people to have their own single bed. Each cabin has 6 bunk beds in it. Everyone will have their own bottom bunk. If more than 60 want to attend, we may make designated cabins as top/bottom bunk cabins and will get permission from its attendees first.

### WHAT WILL THE MEALS BE LIKE?

The camp provides our food. The menu and meal times will be determined as the format of the weekend is finalized. All diets can be accommodated as long as they are indicated on the registration.

### DO I HAVE TO STAY AT THE CAMP?

Any retreat is going to be most impactful if you are immersed in the experience. If you need to leave the weekend at some point, you are welcome to but we urge you to commit to staying.

If you choose to sleep at home and return each morning, you may but the cost will not be any less.
